

“etcetera” furniture program by
CRIVAL®

A modular sofa concept for up to 4 persons in stainless steel and leather. Length: 197 cm, depth: 62 cm.

The frame is conceived to receive stiff cushions from many different angles, while cushions not currently in use can be stored underneath. The concept offers almost unlimited possibilities of individual expression. There also exists a relaxing leisure version for two...only your imagination sets the limits.

The shelves can be adjusted continuously by turning them up and down. Stainless steel. Height: 150cm. Diameter: 60cm.

The light chandelier boasts a discreet and classic design. Stainless steel. Low voltage. Body height: 70 cm, diameter: 52 cm

The slim lamp is available in two sizes, with four or six curves. Stainless steel low voltage. Length: 103.5 cm or 155.5 cm.

Stainless steel and tempered glass.
The sofa table can be folded out to assume a clover shape.
The three glass layers of the sofa table have all a diameter of 80cm.
